SUMMARY

Mobile application security analyst focused on Android and iOS testing. I test apps against OWASP MASVS and MASTG using static analysis, runtime instrumentation, traffic interception and attack surface mapping, and I report to bug bounty programs on HackerOne and Bugcrowd. BSc in Mechanical Engineering with ethical hacking training. I write reports that state the impact, the steps to reproduce and the fix.

SKILLS AND TOOLS

Mobile security: Burp Suite, Frida, Objection, JADX, APKTool, Ghidra, MobSF, OWASP MASTG, OWASP MASVS

Web and network: OWASP Top 10, Nmap, Wireshark, Nessus, Metasploit, sqlmap, Nikto, Hydra

Systems: Kali Linux, Windows, Docker, QEMU/KVM

Engineering and design: SolidWorks (2D/3D, assembly, surfacing), Photoshop, Illustrator, Excel and Google Sheets

EXPERIENCE

Jr. Mobile Application Security Analyst (Intern) Oct 2026 – Present

Byte Capsule (remote)

- Android and iOS application security assessments.

Bug Bounty Hunter (independent) HackerOne, Bugcrowd

Self-employed

- Test mobile apps in public and private programs, with Android as the main focus.
- Reported a debug configuration vulnerability in 2024, triaged as P5.
- Build and maintain a Kali Linux mobile testing setup with Frida, Burp Suite and MobSF.

CTF Player Feb 2026 – Jun 2026

Hack The Box

CTF Player Aug 2024 – Jun 2025

TryHackMe

Computer Operator (freelance) Sep 2024 – Feb 2025

Technical Training Centre (TTC), Rangamati

PROJECTS

Colored and Metallic Product Sorting Conveyor System Thesis, 2023

- Built a conveyor that sorts colored, metallic and non-metallic objects by analysing sensor output frequency, to reduce manual sorting labour.

C-Clamp Furniture Connector SolidWorks

- Designed a clamp that joins furniture parts into a secure, stable assembly.

CERTIFICATES

- Advanced Mobile Application Security Testing, Byte Capsule (Sep 2026)
- Mobile Hacking Lab: Strings (Jun 2026), IoT Connect (Jun 2026), Cyclic Scanner (Jun 2026)
- Ethical Hacking, Eshikhon.com (2025)
- Computer Operation Level 3, ASSET Project, NSDA (2025)
- Graphics Design Level 3, BMET, NSDA (2025)
- Basic Computer, BSCIC (2017)

EDUCATION

BSc in Mechanical Engineering 2019 – 2023

Sonargaon University. CGPA 3.38 out of 4.00
